Pongolo Valley Pre- and Primary School was established in 2017. It is situated in the rural area of Paulpietersburg, in Northern KZN, South Africa. We currently have 128 learners from the age of 3-9 and plan to add one Grade (of 25 learners) a year till, God willing, we reach Grade 7 in 2024. We are an independent, Christian, English school and non-profit company catering for the Zulu speaking community in a lovely, positive setup.

What is happening this month at PVPSchool?

- This past weekend we had our quarterly Book Run and we thank all supporters for the books and donations for our library. As you can see on the photos the library is growing steadily.
- After that our Easter Concert: "The Real Easter Bunny" brought parents and visitors the true message of Easter. Thank you all for coming!
- Judith is finishing off her volunteering weeks tomorrow - she was a great help; joining in wherever necessary. We will miss you!
- May/June are exam months for our student teachers: Good luck to all of you!
- Themes on the program are: Moses & Joshua; Birds, Dinosaurs and Water Animals

Overheard on the Playground:

We heard from one mother that they are no longer allowed to start eating at home before they have said grace. Now is that not a great practice to take home from school?
